To the Honorable Judge of Said Court-

PHH Mortgage has no signing authority for this agreement.

PHH Corporation has open legal obligations in all 46 states in which they are licensed to do business. They have accepted these prior obligations with no intention to discharge them as ordered, and with only intention to disavow, demur, and delay payments.

I am a party to a PHH settlement for the four years they supplied force placed insurance on my home. This CLASS has not received any payment, for matters which have been litigated since 1997. This is only one matter in which PHH has failed to discharge court ordered settlements responsibly.

I would encourage your honor to place Robert Crowl in custody as personal surety to these matters of contempt, until this court receives evidence of the complete discharge of all prior orders of all courts in the United States, and supplies surety in US Funds of this proposed settlement order, for prompt administration of restitution to affected parties by the Court.

The Board of Directors of PHH has offered a stock buyback plan to shareholders, primarily PHH employees, of up to \$266,000,000. The purpose of this plan is personal enrichment of company officers, at the expense of PHH counterparties through the years. I suggest the Court stop this action forthwith.
